

Building Product Information Requirements (BPIR) Statement for:

Haptix Aluminium tactiles

Product description

Haptix offers a premium range of aluminium tactiles, specifically engineered for seamless integration with various flooring types. Whether retrofitting existing floors or installing new ones, these tactiles deliver an optimal blend of safety, durability, and aesthetic appeal. Versatile for both indoor and outdoor use, they meet New Zealand's highest accessibility and safety standards, ensuring compliance and peace of mind.

Performance and compliance:

- NZS 4121:2001 – Design for Access and Mobility: Buildings and Associated Facilities, ensuring accessibility for all.
- AS/NZS 1428.4.1:2009 – Tactile Ground Surface Indicators (TGSi), improving safety and navigation for vision-impaired individuals.

Materials and finishes:

Haptix aluminium tactiles are made from high-quality aluminium and have a **P4 slip resistance test**.

4. Installation requirements:

The tactiles are designed for straightforward installation. We suggest installation is undertaken by our nationwide team to ensure a perfect finish.

5. Maintenance and durability:

Haptix stair tactiles are designed for long-term durability. A proactive maintenance program is recommended to preserve the product's safety features and aesthetic appearance.

Detailed records of installation and maintenance are advised for transparency and verification, ensuring ongoing compliance with safety standards.

6. Environmental and sustainability considerations:

The aluminium used in Haptix tactiles is recyclable, contributing to sustainable building practices. The products' long lifespan also reduces the need for frequent replacements, further minimizing environmental impact.

7. Availability and support:

Haptix tactiles are available with full support for installation and maintenance. Contact us at 0800 HAPTIX or info@haptix.co.nz for product inquiries and support.

8. Warranty:

Haptix offers a ten-year comprehensive warranty on our tactiles, unless stated, covering defects in materials and workmanship under normal use and conditions. Specific warranty terms can be provided upon request.
